## PROPOSED MOVE TO NEW FACILITY

Dear parents

We are pleased to inform you that the committee are working to secure a new facility for the gymnastics club. This is situated at Yalberton Industrial Estate.

The committee will be holding an open day at the new building as soon as the lease is signed to allow parents to view the building and have our plans for it explained.

We will be asking for help with this project and more specific request will follow in the coming weeks.

If you are able to offer help with any of the following areas please contact a member of staff as soon as possible

Skip hire

Builders

Electricians

Plumbers

Volunteers to provide a tin of white paint and a brush and join the staff and committee on a painting day

Volunteers to help move equipment etc

Old carpet

Planning application for change of use will be going in next week and we have instructed a solicitor regarding agreeing terms of a lease. This move will require a lot of funding so if you can help or know anyone who can with funding, donations or sponsorship please contact a member of the management team or committee.

This is good news for the club as it will allow us to increase in size, host competitions, run courses, offer birthday parties and many more things, we are hoping to be able to offer trampoline classes shortly.

Yours truly,

Nicci Tucker  
General Manager

Neil Evans  
Committee Chairperson
